

WILSON ORDERS 687,000 MEN DRAFTED

ALLOTS NUMBER AMONG STATES

Governors to Distribute State Quotas Among Local Exemption Boards

MAY DRAW NEXT WEEK

Will Fill Up Guard and Regulars and Organize First 500,000 of War Army

TOTAL TO BE 1,262,985

WASHINGTON, July 13.—A formal order by President Wilson drafting 687,000 men into the military service under the selective conscription law was promulgated today by the war department, together with an official allotment showing what part of the total must be furnished by each state and territory. The only steps now remaining are distribution by the governors of state quotas among the local exemption districts, and the great lottery which probably will be held next week and which will establish the order in which registrants are to present themselves for exemption. The men summoned for service will be used to fill the regular army and national guard to war strength and to organize the first 500,000 of the new national army. The total of these three forces will be 1,262,985 men. Later another 500,000 will be called out supplemented by sufficient men to make up losses and maintain reserve battalions.

Announcement of Order
Following is Secretary Baker's announcement of the order:
"By virtue of the authority vested in him by an act of congress entitled 'an act to authorize the president to increase temporarily the military establishment of the United States' approved May 13, 1917, the president of the United States has ordered the aggregate number of 687,000 men to be raised by draft for the military service of the United States in order to bring to full strength the organizations embodying the members of the National Guard drafted into the military service of the United States and to create the National army and has caused said aggregate number to be apportioned to the several states and territories and the District of Columbia as set forth in the schedule hereto appended."

"The governor of each state and territory and the commissioners of the District of Columbia asking for and by the direction of the president and in accordance with said act of congress and rules and regulations prescribed pursuant thereto, shall apportion the quota so apportioned to such state, territory or District and shall communicate to each local board established in such state, territory or District notice of the net quota to be furnished by such board and such net quotas shall thereupon be furnished by the respective local boards as required by said act of congress and rules and regulations prescribed pursuant thereto."

Credits Each Volunteer
In computing the number of men to be required from the various states the government has put to the credit of each state every man it now has in the national guard and every man it has contributed since April 1 as a war volunteer to the regular army.

Placing on the debit side of the ledger the National Army of 500,000 the entire National Guard at war strength and the number of war volunteers needed April 1, last, to bring the regulars up to the war strength the grand total was apportioned according to population. This gave a gross quota for each state, from which a net quota was computed by checking of the number of national guardsmen available for federal service and the number of men given by the state to the regular army since April 1.

Method of Apportioning Men
The apportionment was made on the basis of an estimated grand total for the United States and its possessions of 105,366,056 inhabitants. This is a paper estimate computed from registration returns, which comes within the law requiring distribution of quotas by population, but which equalize in a great measure the burden that is to fall upon the 4,559 exemption districts. Each will furnish under this apportionment the men its total registration would indicate as a fair proportion, rather than the number the actual population of the district would indicate. The total of these gross quotas is 1,152,985 men.

Credit is given to the various states for a total of 465,985 voluntary enlistments in the National Guard and regulars, making the total net quota for all states 687,000 men.

Gross quotas for states include Illinois.

TO FURNISH GODPARENTS FOR STUDENT OFFICERS

FORT SHERIDAN, Ill., July 13.—A godfather and godmother for every man at the officers reserve training camp here who will accept them will be furnished by an organization headed by Jacob M. Dickinson, former secretary of war it was announced today.

The "Merriane" and "Perraine" as godmother and godfather are known in France have been found valuable in keeping up the morale of the army. They look after the soldiers' needs at home, send him letters and presents and tokens of appreciation. Col. Henry J. Reilly, commander of the First Illinois Field Artillery sponsored the movement.

Company commanders in the Illinois provisional regiment today weeded out approximately twenty-five men for failure to show qualifications for leadership.

The artillery regiment lost nearly ten per cent of its strength through physical disqualifications. Most of these however, were for underweight and may be waived.

JUDGE REFUSES TO APPOINT RECEIVER

CHICAGO, July 13.—Judge Charles M. Foell refused to act on petition filed by two stockholders asking for a receiver for the Pugh Stores company, a \$20,000,000 corporation operating stores in 39 cities in six states. The company is headed by James M. Pugh, widely known as a yachtsman and owner of high speed motor boats.

Judge Foell ruled that the petition which failed to ask for dissolution of the company, was not in proper form. Counsel for Arthur E. Whitnah, of Greenfield, Iowa, and R. T. Whitnah, of Chicago, who filed the petition said they would file immediately a new petition in proper form.

Counsel for the company declared it was solvent and "could pay its debts if left alone." The petitioners declared the company has no cash to meet heavy obligations and that they sought a receiver in order to avoid compulsory bankruptcy.

MRS. YOUNG CAUSES STIR IN CONVENTION

PORTLAND, Ore., July 13.—Mrs. Ella Fiagg Young, former superintendent of public schools in Chicago created a stir in the convention of the National Education association today by proposing that the members endorse a stand she said she heard President Wilson make recently in Atlantic City in favor of woman suffrage.

After a debate of half an hour the convention decided not to pass Mrs. Young's motion.

"Heckling the president of the United States is too serious a matter for the National Education association to do," asserted L. H. Mink, superintendent of schools in Ford Dodge, Iowa. "It would only add to the cares and the trials of the man in the white house who is fighting for civilization."

SUSPENDS GUARANTEES

Havana, July 13.—President Menocal has suspended the constitutional guarantees and called an extra session of congress.

WILSON RECOMMENDS ORIGINAL FOOD BILL

President Responds to Request of Senate Leaders

Sends Personal Letter to Democratic Leader Martin Recommending Original Bill for Government Control of Foods, Feeds and Fuels Only.

Washington, July 13.—President Wilson today came to the support of the administration food control bill as originally submitted to congress. In response to a request from Senate leaders for assistance in solving the difficulties blocking action there, the president sent to Democratic Leader Martin, a personal letter recommending the original bill for government control of foods, feeds and fuels only. He wrote that he believed unnecessary the extension of government control as proposed in amendments attached in congress to steel, iron, copper, cotton, wool, leather and other products.

Opposes Substitute Bill.
The substitute bill drawn by Senator Gore was opposed by the president as an emasculating of the administration legislation. He wrote that he deplored the delay of the bill and considered prompt final disposition imperative.

The president's letter, which was not made public, is understood not to have touched prohibition in any form. Upon reliable authority however, it was said that in his conference yesterday with the senate leaders the president expressed disagreement with the Smoot amendment, adopted by the senate last week, directing purchase by the government of all stocks of distilled beverages in bond at cost plus ten per cent.

Prepare to Secure Action.
Upon receipt of the president's letter administration leaders prepared to secure action along the lines suggested. Food Administrator Hoover, conferred with Senator Chamberlain, in charge of the bill and added his opposition to the Gore substitute as nullifying the government's food control plans.

The senate spent the whole day debating an amendment designed to prevent members of the defense council's advisory commission from selling their own products to the government. Just before adjournment, Senator Pomeroy offered a substitute which Senator Chamberlain, in charge of the bill, agreed to accept, merely prohibiting the commissioners from working for contracts in which they have personal interests.

ELEVEN SHIPS SAIL WITHOUT GUARANTEES

AN ATLANTIC PORT, July 13.—Eleven national steamers loaded with grain and other cargo which could not be exported except under license after President Wilson's embargo proclamation becomes effective today for European ports without British letters of assurance and will attempt to run the allied blockade. Ten of the vessels are Dutch and the other Scandinavian. They have been lying at their docks here for some time while vain efforts were made to secure from British authorities the usual letters of assurance which would permit their passage through to their destination.

Besides grain, the ships carry a great quantity of meal-cake and other cattle feed included under the terms of the embargo proclamation.

U. S. COURT RESERVES JUDGE LANDIS' DECREE

CHICAGO, July 13.—Federal Judge Landis' decree denying the right of the American Press association to sell its stereotyped plate and ready print business to the Western Newspaper Union was reversed today by the United States circuit court of appeals.

Judge Landis had held it contrary to the spirit of the Sherman law to authorize one competitor to absorb another competitor, regardless of whether such competitor is able to continue in business.

The higher court's decision authorized the Western Newspaper Union to bid at the sale of the other concern providing it did not utilize the situation created by the purchase to charge more than a reasonable profit.

AMERICANS TO OBSERVE FRENCH HOLIDAY

PARIS, July 13.—Observance by the American troops in France of the French national holiday is provided in a proclamation issued today by Major-General Pershing. It follows: "July 14 is hereby declared a holiday for all troops in this command. The people throughout France will celebrate on that day the declaration of the sacred principles of liberty, equality and fraternity in defense whereof we are now in France to fight by the side of the French soldiers. This is a glorious privilege that American army has in uniting with the gallant soldiers and loyal people of France in acclaiming with them on their national holiday our own devotion to the same high ideals."

OVERHAUL OLD VESSELS.

Boston, July 13.—The demand for shipping is so acute that many vessels of ancient rig are being overhauled in New England ports and converted into ocean carriers. The whaling bark Andrew Hicks of New Bedford, which was built at Fairhaven in 1867 has just been sold to foreign agent and will be placed in the overseas trade.

SEE LITTLE HOPE IN GERMAN CRISIS

Information Committee Reviews Advices to State Department

EXPECT NO RESOLUTION

No Reason To Believe Crisis Will Result in Any Diminution of Military Power

TERM REPORT UNTRUE

BULLETIN

LONDON, July 13.—A despatch to the Morning Post from Amsterdam says that rumors current that Emperor William has abdicated in favor of his son, Prince Joachim, are unconfirmed and must be taken with all reserve.

BULLETIN

COPENHAGEN, July 13.—Serious news came from Berlin late today. The reichstag has gone on strike and the members have decided to suspend the labors both of the full house and the main committee until the political situation is cleared up. This leaves the war credit bill in abeyance.

Emperor William has summoned Field Marshall Von Hindenburg, chief of the general staff, and General Ludendorff, the chief quartermaster general for a conference.

This news should be interpreted in connection with intimations that the German government has decided to refuse to parliamentarize the cabinet and the difficulties reported in connection with the adoption of a peace resolution.

WASHINGTON, July 13.—The German political crisis centers principally on the questions of peace and internal reform, according to a review of state department advices issued tonight by the committee on public information and "there is not the slightest reason to believe that it will result in anything remotely approaching revolution, or in any diminution of Germany's military power." The review says it is apparent that Germany's food supply will hold out until the present crop is harvested, although the sufferings of the poor have been intensified greatly during the past five months. Military domination has reached such a stage in Germany, the review says, that the imperial chancellor is utterly without authority over the military leaders who do as they please and "leave the civil authorities to come along behind and apologize."

Centers on Reform and Peace
"Information reaching the department of state," says the committee's review, "indicates that the German political crisis now centers primarily on the questions of internal reform and peace and that the question of changes in the personnel of the government is subordinate in importance."

"The most that can be expected to result from the crisis in the near future is, first, abolition of the Prussian three-class voting system and the establishment of equal manhood suffrage; second, a demand by the reichstag that the government should declare its adherence to the so-called war program of August 4, 1914, which stated that Germany was not driven to war by the desire of conquest, but that the German people took up arms only in defense of freedom, independence and to guard their territorial possessions."

Control Would Pass From Junkers
"Should elections to the Prussian diet be based upon equal manhood suffrage, control of the diet would pass from the Junker parties."

"But splendid as this reform would be," the review continues, "it would not be on the road to political freedom until the chancellor has been made responsible to the reichstag and until the chancellor has been given control over the military authorities."

At present not only has the reichstag no control whatever over the chancellor, who is responsible to the emperor alone, but the chancellor is utterly without authority over the military leaders.

"Unless the present crisis develops far beyond its present scope it will not begin to make Germany a democratic nation."

"Passage by the reichstag of a resolution demanding that the government declare its adherence to

the so-called war program of August 4, 1914, which stated that Germany was not driven to war by the desire of conquest, but that the German people took up arms only in defense of freedom, independence and to guard their territorial possessions."

STORM LEVELS FARM BUILDINGS AND CROPS

One Person Killed and More Than a Dozen Hurt

Storm of Cyclonic Proportions Sweeps from Fairmount and Homer to St. Joseph and Ogden—Illinois Traction System Car Blown from Track.

Danville, Ill., July 12.—One person was killed and a dozen or more injured, one probably fatally, by a wind and rain storm of cyclonic proportions that swept northward from Fairmount and Homer to St. Joseph and Ogden, leveling farm buildings and crops and doing much damage to the track near Ogden, and Conductor Alva Huff and six or seven passengers were injured, none dangerously.

Car Blown from Track
In Fairmount many trees and frail buildings were blown down. An Illinois Traction System car was blown from the track near Ogden, and Conductor Alva Huff and six or seven passengers were injured, none dangerously.

Telephone Wires Down.
All telephone wires were down in the country north of Ogden for several miles and it is feared that much damage occurred there. Three of the worst injured in the Ogden neighborhood, John Anderson and Mr. and Mrs. William Osborne, were brought to a Danville hospital tonight. They were injured by flying debris when their homes were partly demolished.

The Dead
Three year old daughter of Frank Pritchard, Fairmount.

The Injured
John Anderson, from near Ogden. Mr. and Mrs. William Osborne, Ogden.

Mrs. H. L. Murrell, near Ogden, may die.

Two Murrell children, slight.

Alva Huff, interurban conductor, slight.

Six passengers on trolley car, slight.

Two Injured in Tornado.
Pittsburg, Kan., July 13.—Two persons were injured seriously and light property damage done by a tornado which swept the country south of Pittsburg early tonight.

ARREST TWENTY-TWO ROOKIES FOR GAMING

FORT SHERIDAN, Ill., July 13.—As the result of a raid here last night, twenty-two men working to obtain commissions as officers in the new army were arrested, the men being caught, it is said, while playing dice for large sums. Fourteen of the men are members of the Illinois regiment and eight are of the Michigan-Iscosin regiment. The raid was made by men under Captain Troyan of the Ohio Engineers, acting as military police at the post.

Upon Colonel Nicholson commandant at the post, will depend whether or not the guilty ones will be summarily dismissed or merely placed under certain limitations.

COMPROMISE CONTEST OF SPAULDING WILL

SAN DIEGO, Cal., July 13.—Contest of the will of Albert Spaulding, sporting goods manufacturer, who died at Point Loma, Cal., Sept. 9, 1915, was compromised today after more than a year of litigation. The estate has been estimated at \$1,200,000. Keith Spaulding of Chicago, it is understood, is to get five twelfths of the estate and the widow, Mrs. Edith Churchhill Spaulding, seven twelfths.

One of the contestants was Albert G. Spaulding, Jr., an adopted son, who was killed last year while fighting in the French army.

BRAZILIAN FLEET TAKES OVER PATROL OF COAST

RIO JANEIRO, Brazil, July 13.—An agreement has been reached under which the Brazilian fleet will assume the responsibility for patrolling the entire Brazilian coast line, from the Guinea border to the southern boundary of Brazil. Foreign Minister Pechanha conferred with the marine minister today in regard to putting this program into immediate effect.

Announcement was made in Washington on June 30 that the Brazilian navy had been to co-operate with the American warships in South American waters in hunting for German sea raiders and submarines.

REFUSE TO PARDON DR. ADLER

London, July 13.—An Amsterdam despatch to the Exchange Telegraph Company, says that according to Socialist newspapers of Austria, the Austrian government has refused to pardon Dr. Friederich Adler under sentence of death for the assassination of Premier Stuerckh at Vienna last October.

The Austrian court of justice last month requested the supreme court to commute the death sentence of Dr. Adler. Russian Socialists also made an appeal on his behalf.

WAR NEWS SUMMARIZED

Gaining momentum as it moves westward the great Russian drive along the Dniester in Galicia continues successfully. The fighting is progressing on a fifty mile front from Halicz to the foothills of the Carpathians and all along the line the Russians are advancing.

Northwest of Halicz on Thursday
The Russians enlarged their gains north of the Dniester, captured important heights between the river and Bukazowice and occupied two villages. This advance is toward Lemberg.

In the center and on the southern end of the line
The Russians have been victorious in heavy battles for the possession of the crossings of the river Lomnica. They have made progress on the road to Dolina and have captured the crossings of the Lomnica at Perehinsko about fifteen miles south of Kalusz and four miles west of Bohorodzyan.

In the capture of Kalusz General Korniloff's soldiers
took nearly 1,000 prisoners, mostly Germans. In addition, five heavy guns and ten machine guns fell into their hands.

A probable resumption of heavy fighting on the eastern front
north of the Pripiet marshes and in Roumania is indicated. On the Dvina and Shara rivers, and near Smoorgon north of Pinsk there has been more active infantry fighting.

The Russian advance west of Stanislaw
besides endangering the Austro-German line immediately north in Galicia, also is a threat against the line in Roumania. The Russian and Roumanian artillery has been hammering Teuton positions there in the last few days and already advance parties have been thrown forward to test the enemy's strength. No attack in force has been attempted.

Raids and Reconnoitering engagements
have occupied the British and Germans on the northern end of the front in France. South of St. Quentin, along the Aisne front and on both sides of the Meuse in the Verdun region the artillery only have been active. In aerial fighting French airmen have brought down ten German airplanes and driven eight enemy machines down behind their own lines in damaged condition.

The British Dreadnaught Vanguard
has been blown up by an internal explosion with the loss of approximately more than 700 lives.

ATTACK MESSENGER; KILL POLICEMAN

CHICAGO, July 13.—Peter Bulpin, a policeman, was shot and instantly killed today by one of four men who attacked him and a bank messenger as they were carrying money from the Chicago city bank and trust company, a south side neighborhood bank.

The robbers sprang from an automobile and attacked Bulpin and the messenger who was carrying a bag containing \$100 in nickels just as the two stepped into an automobile to carry them to another bank where the small coins were to have been deposited.

Bulpin reached for his revolver after being told to throw up his hands. The messenger was not harmed. The robbers escaped.

In their haste to escape after the shooting the robbers overlooked a bag of \$10,000 and \$12,000 which was in the messengers box with the bag of nickels.

CHAMPAIGN JANITORS DEMAND INCREASE

CHAMPAIGN, Ill., July 13.—Demanding that they be given a raise of five cents an hour, seventy janitors employed in the various buildings on the University of Illinois campus refused to go to work this morning. The action followed a conference with University authorities last night, at which no agreement was reached.

Following their refusal to work, the men marched in a body to the business district of this city and held a secret meeting in a downtown labor hall. The men are now receiving 23 and 25 cents an hour. It is said the men are not organized.

STAGG NOT TO REPORT AT FORT SHERIDAN

CHICAGO, July 13.—A. A. Stagg, director of athletics at the University of Chicago, today telegraphed Raymond B. Fosdick, commissioner of training camps, that he would not report for duty at Fort Sheridan tomorrow to instruct student officers in recreative athletics.

Explaining his stand, Stagg said he felt that he would be wasting his time as the war department in arranging the daily schedule for the student officers, did not set aside any time for teaching athletics.

"I spent two days at Fort Sheridan in conference with officers and reached the conclusion that there is no job for me at the camp," Stagg said. "When not engaged in training, the men spend their spare moments attending to personal affairs. They have no time for athletic instruction."

RECEIVE OFFICIAL NEWS OF SINKING

Washington, July 13.—Official despatches today announced the sinking by submarines of the American barkentine Hildegaard of New Orleans on July 10 and of the American schooner Mary W. Bowen of Fall River on July 5. All members of both crews were rescued and landed. The Hildegaard was a vessel of 595 tons and the schooner, a five master was of 1907 tons.

Governor Lindsey Sends District Attorney and Deputies to Take Men

Executive Announces Men Will Be Confined in a Stockade if Necessary

AWAITS WILSON'S REPLY

HERMANAS, N. M., July 13.—District Attorney Vaught, accompanied by fifty deputies arrived here late tonight under instructions from Governor Lindsey to arrest the twelve hundred men deported from Bisbee yesterday and take them to Columbus under arms. The sheriff would not discuss his announcement, that if the federal government failed to assume charge of the men he would commandeer a train and return them to Arizona. A truck load of supplies from Columbus and two carloads of foodstuffs from El Paso, sent by the railroad company after appeals had been made to General George Bell, Jr., relieved the acute food situation.

May Place Men in Stockade.
Governor Lindsey announced that the men were to be confined in a stockade if necessary, and fed at the state's expense until the government took them over. Having telegraphed the state and war departments and President Wilson that he considered the refugees a national problem, he was awaiting a reply to his request that the state be relieved of the responsibility from the charges thrust upon it by Arizona.

W. B. Cleary, attorney and known as a labor advocate, who was deported with the others, has taken unofficial charge of the party. He has counseled that the deported men make the best of the situation. Cleary issued the following statement tonight:

"There were 1,286 men deported from Bisbee yesterday. With a few exceptions they were all underground miners, the others being small business men. The men were not for better conditions, parties for two men on a machine, was the custom in most mining districts."

"The men also asked discontinue the physical examination which has been used as a basis of blacklist. Under this guise men who are physically able have been refused work because of their political principles."

"Another demand was for a six dollar wage per day as a minimum, six dollars a day not having any more purchasing power than three dollars and fifty cents had when miners received that sum and copper was selling at fourteen and fifteen cents a pound."

"The strike was most peaceful. The miners were not armed."

To Intern Some of Men.
Seattle, Wn., July 13.—The United States government has decided to intern all members of the Industrial Workers of the World who are German or dominated by German influence, according to announcement today by United States District Attorney Clay Allen. Investigation by government agents said the district attorney showed a large percentage of the industrial workers to be alien enemies. Mr. Allen continued:

"Attorney General Gregory at my request authorizes the internment of all German enemies who affiliated with or have taken part in any movement or plan seeking to bring about industrial or agricultural disorganization."

BANQUET ADMIRAL CAPERTON.
Montevideo, July 13.—The minister of war and marine gave in the name of the government last night a banquet in honor of Admiral Caperton, commander of the American fleet and his staff. President Irigoyen and a number of ministers and high officials took part. The banquet was followed by a ball.

THE I. W. W. MENACE.

"Iniquitous Workers of the
World" is a more fitting name than
Industrial Workers, for the principal
purpose of that organization
now is to sow discord and to aid
the enemies of the U. S. in every
possible way. The government has
indicated its willingness to take "any
steps" to put an end to the I. W.
W. nuisance and those steps cannot
be taken too soon or too severe a
kind to please the great majority
of the people.

A NEW INSTITUTION

Dr. H. B. Carriel has been named
superintendent of the Dixon state
school and colony at Dixon. This
institution was created four years
ago for the care and treatment of
epileptics. It has been in progress
of construction and has not had a
medical superintendent. The school
has 1,000 acres and soon will be
able to accommodate 500 patients.
It will be the duty of Dr. Carriel
at Dixon to open the buildings now
finished and to develop the colony
to its capacity which will be from
1,500 to 2,000.

ROBBING A CHURCH.

A 1,600 pound bell hanging in
the belfry of the Christian church
at Davenport, N. D., was a tempta-
tion robbers were unable to resist
recently. While the villagers slept
the church was entered and the bell
was lowered carefully to the ground.
It was placed aboard an automobile
trailer which had been stolen that
night from a garage. The thieves
probably would have made away
with their loot if the trailer had not
collapsed a few miles out of town,
the bell rolling over in a ditch. Un-
able to cart it away the thieves built
a fire beneath it and attempted to
melt it for the metal it contained.
Before this could be done they evi-
dently were frightened away for the
bell when found the next morning
was undamaged except by smoke.

TICE AND EDENS TO
BE ROAD ADVISERS.

At least two residents of the state,
who have taken an active part in
the hard road movement, and who
pledged to the support of the \$60-
000,000 bond issue for a network of

hard roads in Illinois, are included
in the list of members of the board
of highway advisors, announced by
Governor Lowden. They are Form-
er State Representative Homer J.
Tice of Greenville, "father of the
good road law," and William E. Ed-
ens of Chicago, vice president of the
Central Trust Company.

Other members of the board,
which shall advise relative to the
construction, improvement and
maintenance of the roads of Illinois
are Robert D. Clarke of Peoria, Jo-
seph M. Page of Jerseyville and A.
R. Hall of Danville.

THE BEST REPRISAL.

The London Spectator, comment-
ing on the reprisals as a consequence
of the air raids on London, well
says:

The best and truest reprisal is
to beat the enemy. That deprives
him of his power to do as he pleas-
es. If our military leaders and ex-
perts tell us that the bombing of
open towns in Germany is the most
valuable military measure we can
adopt to beat down the enemy's pow-
er in the air, well and good. But
hitherto they have said nothing of
the kind.

The bombing of the Krupp works
was a sane and justifiable reprisal
just because it was not a reprisal,
at all, but a legitimate and most
valuable military exploit. If the
United States can so increase the
number of planes and aviators at the
disposal of the allies as to make
many more such raids possible, we
will hasten the day when the enemy
will "pleases" to bombard the homes
of women and children, will be de-
prived "of the power to do as he
pleases."

ciently governed. Like every other
business it takes money to properly
conduct a city government. Spring-
field has been handicapped for years,
owing to lack of funds. Consider-
ing the money it had to operate on
the city has done wonderfully well.
At the present time Springfield is
up against it financially."
The above taken from the Spring-
field Register applies just as strong-
ly to our own city. Just as long
as we continue to wrangle and fight
over petty or past differences, Jack-
sonville will remain at a stand-still.
The time of need is right now. Let
us forget all else but the progress
and prosperity of the city. Every
student of city affairs knows there
has been little advancement of late.
City authorities have been hampered
at every turn by lack of funds even
to carry out existing contracts. If
you wait for a city administration
that will satisfy every one, then
few of us will live to see the day.
Look at the question squarely—do
you prefer to squabble over petty
differences, to "get even" with some
one whom you cannot harm indi-
vidually or to vote for a measure
that will be for your own good as
a citizen of Jacksonville.

GOOD ROAD ALL THE WAY.

We are told by people who were
on the ground when the statute was
passed that the amended road law
provides that state-aid roads may be
built through cities and villages of
less than 5,000 population, says the
Decatur Review.

Likely this is a very sensible
amendment to the statute. We are
planning to build more than 4,000
miles of hard roads in this state, to
be paid for by people who get auto-
mobile licenses. As the law stood, no
part of these roads could be built
within an incorporated city or vil-
lage.

It was seen this might not work.
Say that after the roads are built
you start from this city to drive to
Chicago. On the way you must pass
through a dozen or more villages and
small cities. In these you would find
breaks in the good road, mudhole
stretches of half to three-quarters
of a mile. You might find yourself
stranded on the way. The city of
5,000 people and more is supposed
to be able to pave its main streets,
and as a matter of fact it does. With
the villages taken care of we shall
have a good road all the way.

HIGHER TAX RATES.

Springfield will be the first city
in the state to take advantage of the
law enacted by the fiftieth general
assembly whereby municipalities
may call an election to submit the
question of a higher tax rate than
the 1.02 per cent of the assessed val-
uation of taxable property fixed by
statute. The new law which puts
the issue up to the voters themselves
says the tax rate must not exceed 2
per cent of the assessed valuation.
The Springfield city council has
passed an emergency ordinance call-
ing an election for July 31, and has

entered upon a campaign to inform
the voters that the city treasury is
in a precarious condition with the
revenue from more than 200 saloons
cut off and prices of all commodities
increased. The new statute under
which the election is called had the
backing of the Illinois Municipal
League and the Mayors' League of
Illinois, because, it was declared by
officers of these bodies, all cities in
Illinois were confronted by the same
financial problems. The Springfield
city council points out that only
\$213,214 would be received in cor-
porate tax together with sundry li-
censes this year to meet expenses of
\$337,000.

INCREASED HAPPINESS.

At Great Lakes, Ill., a movement
toward an increased happiness at the
U. S. Naval Training Station has
just been launched by the Loyal
Girls of America Society. To this
end the organization is urging that
relatives and friends of the bluejack-
ets write cheering letters. Many
of the youthful sailors are away from
home for the first time and even
their pride in being a part of "Uncle
Sam's First Line of Defense" and
regular "fighting men" cannot keep
them from feeling just a bit home-
sick at times.

To remedy this condition, accord-
ing to Miss Gertrude Elmore, Chicago
Secretary of the Society, the or-
ganization hopes to make every cor-
respondent of every sailor boy feel
that they are proud of the work he
has undertaken—the defense of his
native land.

At the Great Lakes Naval Train-
ing Station the mail man visits among
the 9,000 bluejackets for populari-
ty with the paymaster. A regular
post office is established in one of
the station buildings and at almost
any of the daylight hours a long line
of men may be seen waiting expect-
antly for the distribution of letters.
It is pointed out that the interest
manifested in this line is not sec-
ond to that in a country post office
shortly after the arrival of a mail
train. In the tents about the sta-
tion grounds after the distribution
of mail may be seen hundreds of
boys pouring over the letter from
home.

The Loyal Girls of America So-
ciety was organized shortly after
the declaration of war and is pledged
to write to soldiers and sailors of
the United States. It is indirectly
an outgrowth of a request made by
Evelyn Young, a nine year old girl
who asked Captain Moffett, Com-
mandant of the U. S. Naval Train-
ing Station, Great Lakes, Illinois for
the name of a sailor lad to whom she
could write as if he were her big
brother and had gone to sea. Cap-
tain Moffett encouraged the little
girl and suggested that a sisterhood
be formed to cheer the lonesome re-
cruits. The idea spread and the
Loyal Girls of America Society was
one of the results. They are center-
ing their "cheering up" efforts not
alone to the U. S. Naval Training
Station at Great Lakes, but upon all
of the correspondents of men enlist-
ed in the national service.

MORNING EXERCISE.

I like to rise at early morning,
and walk nine miles, the sluggish scorn-
ing. For when the day is young and
tender, the old world is a place of
splendor; this planet, as the morn-
ings show it, would make of anyone
a poet. I walk long miles thru dell
and dingle, and meadows where the
wildflowers mingle, and in the woods
where birds are calling, and vales
where shining streams are brawling;
and when I'm tired, beneath a cedar,
I sit and warble, gentle reader, 'Tis
then I find my inspiration and punch
my lyre, to bore the nation. And,
from this early walk returning, to
my abode of song and learning, I
find the missus has been stewing a
lot of grub, and coffee brewing. And
every morning I'm repeating my
stunt of plain and fancy eating; for
walking in the dale and dingle, and
meadows where the wildflowers
mingle, admiring nature in her splen-
dor, and hearing birds in every gen-
der that celebrate the woodland's
beauty in tones melodious and tooty
—the morning ramble, all informal,
gives one an appetite abnormal. And
if I am a soulful poet, at breakfast
time I do not show it.

MAKING BATH ROBES
FOR SOLDIERS

Women of Westminster church
at a meeting held recently with Mrs.
J. H. Russell at her home on Cald-
well street, spent several hours mak-
ing bathrobes for the use of soldiers
in hospitals. Twelve of these gar-
ments are well under way and still
others will be made at another
meeting to be held next Thursday
afternoon at Mr. Russell's home. The
Westminster women expect to be
active continuously in war relief
work of one kind or another.

NEW GRAIN RULES
ARE NOW IN EFFECT

Present Government Standards Show
Changes By Comparison With Old
Rules—Changes Interest Farmers
and Dealers.

W. E. Shanahan of Peoria in
charge of federal grain inspection in
this district has made the following
statement about the new government
standards of wheat now in effect:

"Heretofore the National Grain
Dealers association standards have
been employed for wheat destined for
interstate commerce. The new Gov-
ernment standards displaced these
and all who have dealings in wheat
in any way should be of pains to
acquaint themselves with them.

The wheat most commonly grown
in this region is the hard red winter
wheat known as class C. This class
includes all varieties of hard red
winter wheat, but shall not include
10 per cent of other wheat or
wheats. This class is divided into
three sub-classes as follows:

Subclass (a) Dark Hard Winter—
This subclass shall include wheat
of the class hard red winter, of
which 90 per centum or more con-
sists of dark, hard and vitreous ker-
nels.

Subclass (b) Hard Winter—This
subclass shall include wheat of the
class hard red winter, of which less
than 90 per centum and more than
25 per centum consists of dark,
hard and vitreous kernels.

Subclass (c) Yellow Hard Winter
This subclass shall include wheat
of the class hard red winter which
consists of kernels of yellow or
mottled appearance, or of starchy
texture, and of not more than 25
per centum of dark, hard, and vitre-
ous kernels.

Maximum limits of—

eign materials

*Sample.

*Sample Grade—Shall be wheat
of the subclass dark hard winter,
hard winter, of yellow hard winter,
respectively, which does not come
within the requirements of any grade
from Nos. 1 to 5, inclusive, or has
any commercially objectionable for-
eign odor, except smutty wheat, or
is distinctly musty or very sour, or
is hot, heating, fire-burned, infested
with live weevil, or otherwise of dis-
tinctly low quality, or contains garlic
or wild onion bulbs, or has an un-
mistakable odor of garlic or wild
onions, or contains small, insepara-
ble stones or clinders.

(1) The wheat in grades Nos. 1
to 4 inclusive, shall be cool and
sweet.

(2) The wheat in grade No 5
shall be cool, but may be slightly
musty or slightly sour.

(3) The wheat in grade No. 1
dark hard winter, hard winter, and
yellow hard winter shall be bright.

(4) Of the wheat of other clas-
ses not more than one-half of the
maximum limit specified for each
grade may consist of common white,
white club, or common and red dur-
um wheat, either singly or in any
combination.

(5) The wheat in grade No. 1
dark hard winter shall contain 95
per centum or more of sound, dark,
hard vitreous kernels.

Similar Standards for Soft Red.

These standards are the same as
those of soft red winter wheat known
as class 4, but in the above table
grade this qualification for soft red
winter wheat should be borne in
mind.

(3) The wheat in No. 1 red
winter, red walla and soft red shall
be bright.

(4) Of the wheat of other clas-
ses not more than 1 per cent of each
grade may consist of common and
red durum wheat.

(5) Wheat of the soft red shall
contain garlic or wild bulbs, or
have an unmistakable odor of gar-
lic or wild onions.

Percentages Ascertained By Weight
Basis of determinations—Each de-
termination, other than that of
dockards shall be made upon the
basis of the grain when free from
dockage.

Percentages — Percentages, ex-
cept in the case of moisture, shall
be percentages ascertained by
weight.

Dockage—Dockage includes sand,
dirt, weed seeds, weed stems, chaff,
straw, grain other than wheat, and
any other foreign material, which
can be removed readily from the
wheat by the use of appropriate
sieves, cleaning devices, or other
practical means suited to separate
the foreign material present; also
undeveloped, shriveled, and small
pieces of wheat kernels necessarily
removed in properly separating the
foreign material. The quantity of
dockage shall be calculated in terms
of percentage based on the total
weight of the grain including the
dockage. The percentage of dock-
age so calculated shall be stated in
terms of whole per centum and half
per centum. A fraction of a per
centum when equal to, or greater
than, a half shall be treated as a
half, and when less than a half shall
be disregarded. The percentage of
dockage so determined and stated
shall be added to the grade designa-
tion.

Wheat—Any grain which, when
free from dockage, contains more
than 5 per centum of grain of a
kind or kinds other than wheat,
shall not be classified.

Classes and Subclasses.
Wheat shall be divided into clas-
ses and subclasses as follows:
Class I.—Hard red spring; dark
northern spring; northern spring
red spring; red spring humpback.
Class II.—Common and red dur-
um; amber durum; durum; red dur-
um.
Class III.—Hard red winter;
dark hard winter; hard winter; yel-
low hard winter.
Class IV.—Soft red winter; red
winter; red walla; soft red.
Class V.—Common white; hard
white; soft white.
Class VI.—White club; white
club.
Mixed wheat—Mixed wheat shall
be any mixture of wheat not provi-
ded for in the classes from I to VI,
inclusive, as defined under classes
and subclasses.

Grades for mixed wheat—Mixed
wheat shall be graded and designa-
ted according to the grade require-
ments of the class of wheat which
predominates over each other class
in the mixture. There shall be added
to, and made a part of, its grade
designation the word "mixed" and
the names of the classes which com-
pose the mixture, in the order of
their predominance, together with
the approximate percentage of each
class, except that, if the wheat of
any class amounts to less than 10
per centum of the whole mixture,
its name and percentage need not be
stated.

Smutty wheat—Smutty wheat
shall be all wheat which has an un-
mistakable odor of smut, or which
contains spores, balls or proportions
of balls, of smut, in excess of a
quantity equal to one ball of aver-
age size of 50 grams of wheat.

Grades For Smutty Wheat.
Smutty wheat shall be graded and
designated according to the method
described in paragraph (a) or para-
graph (b) of this section.

Maximum limits of—
Damaged kernels Inseparable for-
eign materials

Grade No.	Minimum weight per bu. test pounds	Moisture Per Cent	Heat Damage Per Cent	Wheat of other classes Per Cent	Total Per Cent	Kindred, corn cobs, vetch, etc., either singly or combined Per Cent

5	53	15	10	15	3.0	6.0

(a) The loss in weight caused

by the removal of smut, from the
wheat, when free from dockage,
shall be ascertained by scouring,
washing, or otherwise, and shall be
calculated in terms of percentage
based on the total weight of the
grain free from dockage. The per-
centage so calculated shall be stated
in terms of whole per centum and
half per centum. A fraction of a per
centum when equal to, or greater
than, a half shall be treated as a
half, and when less than a half shall
be disregarded. After the loss in
weight caused by the removal of the
smut has been ascertained, the wheat
shall be graded and designated ac-
cording to the grade requirements
of the standard applicable to such
wheat if it were not smutty, and
there shall be added to, and made a
part of the grade designation the per-
centage so determined and stated
together with the words "smut
dockage."

(b) Smutty wheat shall be graded
and designated according to the
grade requirements of the standard
applicable to such wheat if it were
not smutty, except that when the
amount of smut present is so great
that any one or more grades from
No. 1 to 5, inclusive, cannot be ac-
curately applied, the wheat shall be
added to, and made a part of, the
grade designation the word "smutty."

Treated Wheat.

Treated wheat shall be wheat
which has been scoured, limed,
washed, or treated in any similar
manner.

Grades of treated wheat—Treated
wheat shall be graded and designa-
ted according to the grade require-
ments of the standard applicable to
such wheat if it were not treated,
and there shall be added to, and
made a part of, its grade designa-
tion a statement indicating the kind
of treatment.

Test wheat per bushel—Test
wheat per bushel shall be the weight
per Winchester bushel as deter-
mined by the testing apparatus and
method of use thereof described in
Bulletin 472, dated October 30,
1916, issued by the United States
Department of Agriculture, or as
determined by any device giving
equivalent results.

Percentage of moisture—Percent-
age of moisture in wheat shall be
that, or the equivalent of that, as-
certained by the moisture tester,
and the method of use, thereof de-
scribed in Circular No. 72, the sup-
plement thereto issued by United
States Department of Agriculture,
Bureau of Plant Industry.

Heat damaged kernels—Heat
damaged kernels shall be kernels of
wheat which have been distinctly
discolored as a result of heating
caused by fermentation.

Inseparable foreign material—In-
separable foreign material shall in-
clude all matter other than wheat
which is not separated from the
wheat in the proper determination of
dockage.

Grain Sieves.

For the determination of dockage
under the official grain standards of
the United States for wheat, Sieves
and bottom pans for each set should
be circular in shape and made of
aluminum, brass or other suitable
material. The metal should be .025
to .035 inches in thickness.

The sieves and bottom pans of
each set should be as follows:

(a) Bottom pan—Inside dimen-
sions should be 13 1/2 inches; depth
2 1/2 inches; roll at top of pan 3-16
inches in diameter.

side of perforations; inside diameter
at bottom of sieve, 13 inches; inside
diameter at top of sieve, 13 inches;
depth of sieve 1/4 inch in diameter.

(c) Fine seed sieve—Slotted
perforations 1-12 inch in diameter,
(other specifications and dimen-
sions same as for (b) buckwheat

depth 1 1/2 inches; inside diameter
should be 12 1/2 inches; roll at top
of sieve should be 5-16 inch in di-
ameter.

Sieves (b), (c), and (d) should
be made to nest very freely with the
bottom pan. The scalper sieve
should be made to nest very freely
with each of the other three sieves
and also with the bottom pan.
The perforations should be the
exact size as given in the speci-
fications for the sieves and should ex-
tend completely across the bottom
up to the side of each sieve. The
smooth surface of the metal should
be face up.

C. A. Oglesby, who for several weeks has been a patient at Passavant hospital, returned to his home in Beardstown, yesterday. He was accompanied by his wife, who has been in the city the greater part of the time during her husband's illness.

WOMEN IN THE NEWS

Miss Ruth Law, the famous aviator, who recently spent some weeks on the French front, declares that the American airplane and the American airplane engine are the best on the French front, declares that they are inferior to British and French planes now in use on the Allied fronts, wholly without foundation.

Miss Vida Milholland, one of the picketing suffragists recently arrested at the White House, is a sister of the late Inez Milholland Boissavain, the famous suffragist leader who died last year in California during a speaking tour in the presidential campaign.

Mrs. Walcott, wife of Dr. Charles D. Walcott, secretary of the Smithsonian Institution and noted explorer, has gone with him to the Canadian Rockies of Alberta and British Columbia, for his summer field work in geology and natural history. Mrs. Walcott has always accompanied her husband on his extensive investigations in geology and paleontology, studying with him in remote regions some of the most ancient animal life, now found only in fossil form.

The word "munitionettes," has been coined in England to designate women working in munition factories, and doubtless will cross the ocean to describe our own feminine makers of death engines. Thousands of girls dressed in trousers and Russian blouses are now a feature of many a staid British town which this sight would have struck speechless before the war, and "They saved old England," is the gallant cry of the "men folks" as the "munitionettes" pass.

The shop of Madame Georgetown, originator of the famous crape tissue now in vogue, was one of those affected in the recent "strike of the frivolities" in Paris, when the mid-nights demanded an increase of one franc a day and got it. Mme. Georgetown's atelier, like most of the other great shops which were affected by the strike, is in the Rue de la Paix—Peace street—which during the "last unpleasantness," a wag rechristened Rue de la Guerre—War street.

Elizabeth Gurley Flynn of New York, noted labor agitator, has been dropped from the ranks of the Industrial Workers of the World because she made pleas, she says, against strikes in the mines at Virginia, Minn., during the war. President Haywood, who dropped her, charged Miss Flynn with disloyalty in reference to another matter. She has for the past few years been one of the best known women speakers of the I. W. W. and has been heard in most of the large cities of the country.

Mrs. Helen Kelly Thomas, divorced wife of Frank Gould and widow of Ralph M. Thomas, was recently married in Paris to Prince Viora of Albania. The Princess Viora, now in her early 30's, was first married when she was only 17 to Frank Gould, son of Jay Gould, whom she divorced in 1909. A year later she became the wife of Thomas, millionaire sugar refiner, who died in 1914, leaving her a fortune of \$2,000,000. She was the daughter of Eugene Kelly, the financier, and very wealthy in her own right besides. A sister of Mrs. Al Dirs, formerly Eugenia Kelly, whom her mother once had arrested because of her too pronounced taste for tango midnight revels.

Mrs. James W. Wadsworth, Jr., wife of Senator Wadsworth of New York, who recently accepted the presidency of the National Association Opposed to Woman Suffrage, is the daughter of the late John Hay, Secretary of State during the administration of President McKinley. "I believe woman's star of destiny lies above and beyond the field of politics," says Mrs. Wadsworth, "and I shall do my best to keep it there." She was formerly Miss Alice Hay, and was married to the New York senator in 1902. Another talented daughter of John Hay is Mrs. Payne Whitney of New York, who was Miss Helen Hay and is noted as a poet.

An American Red Cross nurse in war service receives \$50 per month. Only graduate trained nurses are chosen for war hospital service, and that with extreme care, only nurses of character and experience vouched for by recognized hospitals being enrolled. The majority of nurses who will serve with General Pershing's contingent in France are army nurses who have already seen service with the troops on the Mexican border.

Champaign, Ill., July 13.—Zen Hsueh Sze, Chuen, China, aged 25 and He Zong Lee, Shang-Su, Soo Chow, aged 21, students attending the University of Illinois were granted a marriage license in Urbana, this afternoon. They will be married at the Chinese club, Urbana, July 24.

RECOMMEND MACHINE GUNS FOR NEW YORK DEFENSE.

New York, July 13.—A thousand machine guns, a majority of them to be mounted on small automobiles, may be added to the defenses of New York if recommendations contained in the reports of a test made to army officials are adopted. The plan calls for 750 small motor cars, each mounting a machine gun, to be subject to call on short notice the other 50 machine guns to be mounted on the roofs of tall buildings.

AMERICAN MINERS STONE FOREIGN MINE WORKERS

Mob of 3,000 Forms at Flat River, Mo., Mines.

More Than a Score of Foreigners Injured, One Critically—Report That One Foreigner Had Been Killed Could Not Be Verified.

Flat River, Mo., July 13.—A mob of 3,000 American miners formed here shortly after seven o'clock tonight and stoned foreign mine workers, most of them shovellers, until a score or more of the latter were injured, one critically. A report that one foreigner had been killed persisted but could not be verified as the foreigners have scattered into the outlying districts. Sheriff T. H. Adams of San Francisco county denied that there had been a death. More than 1200 shots were fired. Windows of the flat houses of the Doe Run and Federal Lead Company's property were smashed, doors were torn from their hinges and homes of foreigners were wrecked. The Americans stoned every foreigner sighted and marched from shaft house to shaft house with the avowed purpose of driving out every foreign mine worker. Most of the gun fire, however, was for effect as only one man is known to have been wounded by a bullet. Dissatisfaction among the mine

workers has been apparent for the last three days owing to alleged preference of employers for foreign labor. Agitators have made a canvass of the men and have urged, it is said, the elimination of all but American labor. Reports that the outbreak was incited by agents of the Industrial Workers of the World were current but could not be verified.

REBEKAH LODGE NO. 13 INSTALLS OFFICERS

Patriotic Ceremonies Feature of Evening—Talks Made and Social Time Enjoyed.

Rebekah Lodge No. 13, held a beautiful and inspiring patriotic installation of officers last evening at I. O. O. F. Temple. The fact that the installation was held on Friday the thirteenth, with thirteen installing officers was a feature worthy of remark for Nodge No. thirteen. Flags were used in both the decorating scheme and in the ceremonies. Interesting talks were made by Mathew Minter and J. W. Bowen.

Following is the list of installing officers: Mrs. Cora Pine, Deputy Grand Master. Mrs. Fern Haigh, Deputy Grand Marshall. Mrs. Minnie L. Scott, Deputy Grand Warden. Mrs. Margaret Cobb, Deputy Grand Secretary. Mrs. Nettie Brown, Deputy Grand Chaplain. Mrs. Jeanette Bowen, Deputy Grand Guardian. Miss Flora Lomb, Deputy Grand Herald.

An escort to the installing officers were the Misses Amelia Carlson, Leita Mansfield, Mabel Brown, Veda Coby, Edith Carlson and Mrs. Pearl Cook.

The following officers were installed: N. G.—Miss Esther Carlson. V. G.—Miss Minnie Suhy. Secretary—Miss Adelaide McCarty.

Conductor—Miss Ruth Cummings. Warden—Miss Lillian McCullough.

R. S. N. G.—Mrs. Nettie Brown. L. S. N. G.—Mrs. Rena Claus. I. G.—Miss Laura Hatfield. O. G.—Miss Jean Curtis. R. S. V. G.—Miss H. Janet Watkinson.

L. S. V. G.—Mrs. Nettie Howard. Chaplain—Mrs. Mary Davis. On the visiting committee were appointed Misses Alice Cummings, and Ella Burnett, and the Mesdames Cora Pine, Pearl Cook, Bertha Hellenbach, Lillie Robinson and Harriett Haigh.

The finance committee is composed of the Misses Flora Lomb, Joyce Estaque and Mr. Frank Hahn. The Misses Fern Haigh, Edith Carlson, Minnie Woolam, Bertha Dunlap, and Messrs. Allen Taylor and Glen Howard and Mrs. Anna C. Curtis were appointed on the social committee.

Following the installation of officers and the appointment of the committees, cooling refreshments were served, and a general social good time followed.

VERY FINE! The corned beef and beef tenders at WHITE PIG MARKET today.

LEADER OF BANDITS ARRESTED
Seoul, Korea, July.—The alleged ringleader of the gang of bandits who attacked an American mining party near Unsan, last summer, and killed P. N. Wellhaven, an American mining official, has been arrested. He is Yi Chong-young, a Korean and former insurgent chief. The miners were conveying bullion to the railroad station at the time of the attack.

ARREST SIX IN EAST ST. LOUIS RIOT CASE

Charge One White Youth and Five Negroes With Murder.

East St. Louis, Ill., July 13.—One white youth, Harry Robinson, 19 years old, a shoemaker, and five negroes were arrested today on indictments charging murder following the adjournment of the recent inquest of the coroner into recent race rioting. The inquest will be resumed Monday.

All the men arrested are in jail at Belleville.

Orders to "Spare No One."

Chicago, July 13.—Attorney General E. J. Brundage announced here today that his order in the state investigation of the recent East St. Louis riots were to "spare no one."

He said his investigators had reported to him that threats had been made to renew the rioting whenever the troops now on guard at East St. Louis are withdrawn.

Plan to Keep Negroes in South.

Austin, Texas, July 13.—A call was sent out today by the Austin chamber of commerce for a meeting in the next two weeks at Austin of Texas chambers of commerce officials to consider plans for keeping negro labor in the south, especially Texas.

Meanwhile negroes influential with their race, have been sent to various points in Texas in an effort to stop the exodus north.

It is understood here similar plans are being made in every state of the south.

SEES LITTLE HOPE IN GERMAN CRISIS

(Continued from Page 1.)

the war program of August 4, 1914, would not be so important a step towards peace as it would appear to be on its face.

Term Report Untrue
Amsterdam, July 13.—According to a semi-official despatch received here from Berlin today, the report of the resignation of Dr. Von Bethmann-Hollweg, the imperial chancellor, is untrue.

Peace Question Central Point
Amsterdam, July 13.—Count Michael Karolyi, leader of the Hungarian independent party speaking in the house of deputies, says a telegram from Budapest, declared:

"The central point of the present German crisis is the question of peace. Everyone in Germany wants peace, but it is not enough to desire it, the nation must negotiate for it. Count Czernin (Austro-Hungarian foreign minister) has not confined himself to mere words but has openly declared that we are ready for peace without annexations.

"One of the pre-requisite conditions of peace is the democratization of every country." In a continuance of the debate Baron Julius Beck said:

"There is no war policy today, it only a peace policy. The peace must be honorable, guaranteeing Hungary's frontiers and her political independence."

Count Moritz Esterhazy, the premier, replying to Baron Beck, said the new Hungarian government stands for the continuance of the alliance between the dual monarchy and Germany, as did the government which it succeeded. He continued:

"We are waging this war as a defensive war. Our peace aim is not conquest. The responsibility for the continuance of the war rests on the enemy."

It is doubtful that statement says whether a majority in the Reichstag can be obtained for the resolution. Nevertheless the disposition to come out frankly in support of peace without annexations or indemnities is increasing among all the political parties of Germany except the conservatives and the national liberals, the review continues.

Believe Austria Behind Swing

"There is reason to believe that the influence of Austria-Hungary is behind the sudden swing of the Roman Catholic center party to cooperate with the Socialists and radicals," says the review. "Count Tisza no longer stands in the way of peace on the basis of the status quo ante-bellum with his desire to retain Mount Lovchen and the north eastern corner of Serbia. The new leaders of Hungary are for peace without annexations or indemnities."

"Altho Germany's food supply will hold out until the present crop is harvested the sufferings of the twenty-five million Germans of the lower classes have been intensified greatly during the past five months. An increasing number of the poorer classes each week eat at the municipal kitchens. In these kitchens in Berlin two meals a day are given consisting of turnip soup and a saucer of fruit preserves. On Sundays one meal is given of fish. The menu is varied except for occasional substitution of cabbage."

"Batecki's recent announcement that the vegetable and fruit crops were poor... has shown the lower classes that they can hope for proper nourishment only with the coming of peace and from them a constant demand for peace arises."

PEORIA PRIEST DIES SUDDENLY FRIDAY

PEORIA, Ill., July 13.—Father Eusebius Wagner, O. F. M., aged 43 years, died suddenly at 5:45 o'clock this afternoon from heart disease. He had been ailing for two weeks. He was born in Cincinnati, Ohio, and was ordained a priest in 1897. He had been pastor of St. Boniface church, one of the largest parishes in Peoria, for three years and distinguished himself by his ability to unite the many nationalities within his parish.

Father Wagner formerly held parishes in Cincinnati, Escanaba, Mich., and Metamora, Ill.

ALLOTS NUMBERS AMONG STATES

(Continued from Page 1.)

Illinois 79,094; Indiana, 39,971; Kentucky, 22,152; Missouri, 35,461; Nebraska, 13,900; New York, 122,424 and Wisconsin 28,199.

Shows What States Have Done

Comparison between the gross and net quotas shows what any state has done in furnishing troops by the voluntary system. Striking examples from the top and bottom of the lists are Oregon and Arizona. Oregon's gross quota was 7,737 men but the state has 4,683 National Guardsmen and has given 1,974 war recruits to the regular army, which with the adjustment factors applied to correct certain differences in the population estimates, reduced her net quota to 717 men.

Arizona on the other hand with a gross quota of 4,478 men has only 727 men in the national guard and has recruited only 717 men since April 1 for the regulars, making the state's net quota after adjustment 3,472.

Illinois, which was the first big state to fill her quota for the regular army, reduced her gross quota of 79,094 to 51,653. Pennsylvania found a total of 37,245 volunteers, and her gross quota of 98,277 dropped to 60,859.

The date of the drawing cannot be fixed until the last district has reported its work finished.

TO ASK BRUNDAGE FOR OPINION ON BILL

SPRINGFIELD, Ill., July 13.—Attorney General Edward J. Brundage will be asked to advise state officials as to whether the error discovered in the state banking bill passed by the fiftieth general assembly will invalidate the law according to advice from the state house tonight. The error, state officials say, consisted of the repetition of words in one of the clauses of the measure.

State Auditor Andrew Russell said tonight:

"I am certain the mistake will not invalidate the measure and I expressed this belief to Governor Lowden today. However, I shall ask the attorney general if there is any way the matter can be remedied before the people vote on the proposition."

The measure provides that the people shall vote at the general election in 1918 on the proposition of placing all private banks in Illinois under control of the state after January 1, 1921.

GOETHALS TAKES CHARGE OF BUILDING PROGRAM

WASHINGTON, July 13.—Major General Goethals, manager of the shipping board's emergency fleet corporation, took full charge of the government's shipbuilding program today and announced sweeping plans for constructing the great merchant fleet with which the United States hopes to defeat the German submarine campaign. The most important steps contemplated by General Goethals are these:

Immediate construction of two government owned ship building plants for building 400 fabricated steel ships of 2,500,000 tonnage.

Commandeering of 1,500,000 tons of shipping now building for private account in shipbuilding yards.

A request for another great appropriation for building ships.

General Goethals announced that was made in a letter to Chairman Denman of the shipping board which said the fleet corporation under powers just granted by President Wilson would start on its building program Monday by offering contracts for construction of the two government ship plants and by outlining to shipbuilders the plans for commandeering vessels under construction.

BRITISH BATTLESHIP SUNK BY EXPLOSION

LONDON, July 13.—The British Battleship Vanguard was blown up and sank on July 9, says an official statement issued tonight by the British Admiralty. An internal explosion while the ship was at anchor caused the disaster. Only three men of those on board survived and one of them has since died. Twenty-four officers and 71 men, however, were not on board at the time of the explosion.

The official statement reads: "H. M. S. Vanguard, Captain James D. Dick, blew up while at anchor on the night of July 9 as the result of an internal explosion."

"The ship sank immediately and there were only three survivors among those aboard ship at the time of the disaster—one officer and two men. The officer has since died. There were, however, 24 officers and 71 men not on board at the time, thus bringing the total number of survivors to 97."

"A full inquiry has been ordered."

The British Battleship Vanguard displaced 19,250 tons and her complement before the war was 870 men. Her armament included 10 ten 12-inch guns.

HOSPITAL SHIP COMPLETED

London, July.—A new hospital ship completed and inspected this week before being sent to Mesopotamia for service on the Tigris, is called "The King's Ship" and has a draught of only three feet and six inches and the vessel will be able to navigate the Tigris as far as the Hamrin Hills at a speed of ten knots. There are 180 beds for serious cases with accommodation for minor casualties, a fly-proof operating theatre with electric sterilizing apparatus, lifts to move serious cases from one deck to another, wards for mental cases and isolation rooms.

Special care has been given to ventilation, the boat is oil-driven and has four rudders, which, an expert stated, will enable it to be turned like a taxicab.

FIND WOMAN GUILTY OF FIRST DEGREE MURDER

Judge Sentences Mrs. Archer—Gilligan to Hang Nov. 6 for Murder of an Inmate of her Home.

Hartford, Conn., July 13.—Mrs. Amy Archer-Gilligan on trial here the last four weeks charged with the murder of Franklin R. Andrews by poison while he was an inmate of her home for elder people at Windsor was found guilty of first degree murder by a jury late today.

Judge Green sentenced her to be hanged Nov. 6.

While Mrs. Archer-Gilligan was tried on one count only, the indictment charged that she had brought about the deaths of four other inmates of her home by administering poison. The state contended that as many as forty inmates had died under peculiar circumstances during several years. Her motive the state set up, was to profit on contracts whereby she agreed to provide a comfortable home for the aged people during the remainder of their lives for a specified sum, generally \$1,000.

Mrs. Archer-Gilligan sobbed as she heard the jury's verdict. Her daughter, Mary Archer, who has been "constant" beside her mother, burst into tears.

"I counsel gave notice of appeal," Mrs. Archer-Gilligan is about 45 years of age.

To Treat Your Catarrh

Mild weather aid treatment.

Don't be misled into thinking that your Catarrh is gone. The first touch of winter weather will bring it back with all its discomforts.

But this is an excellent time to thoroughly cleanse the blood of the germs of Catarrh, and be forever rid of the troublesome sprays and douches that can never cure you.

S. S. S., the great blood purifier, searches out the germs of Catarrh

which infect your blood, and chases them entirely out of your system. It is by far the most satisfactory treatment for the disease, because it reaches down to its very roots and gets at the cause. NEWS OF WHITE HALL PITHILY SUMMARIZED

Building Controversy Awaiting Settlement—Chautauqua Notes—Tanner Return to Galesburg—Christian Church Pastor Returns.

White Hall, July 13.—Mr. and Mrs. H. L. Tanner and baby returned to Galesburg today after a vacation of a month spent here and in Missouri.

Mrs. Hal McFarland and son Gordon, of St. Louis, are visiting here. Mr. and Mrs. H. C. Avery, Avery Eilenberger of Memphis, Mo., is also the guest of the Averages, his grandparents.

Rev. Hugh R. Davidson and bride, who were recently married in New York, are now domiciled in their new home on North Main street, having leased Miss Mayme Watson's residence. Miss Watson has taken rooms at the O. S. Vosseller residence for the present. Rev. Davidson is pastor of the Christian church, and has gained a high place in the estimation of our people since coming here a few months ago.

Mrs. Oscar Hatfield and daughter, Miss Isabelle, started on their return home to Shawnee, Okla., today.

Dewey Miller was in Galesburg last week, and called on Ernest Pearce.

Mrs. L. L. Seely and babe and Mrs. Norma Bartholomew spent Thursday in St. Louis.

Vernon Davis, son of Oscar Davis, is dangerously ill at his home on South Main street. He is the junior member of the firm of Nevius & Davis.

J. A. Smith and family and Mrs. L. P. Smith came over from Palmyra Wednesday and joined the Duncan family in a family reunion at the city reservoir.

V. T. Winters was up from Delhi Tuesday. He is getting nicely located on his farm there, to which he moved in March following the completion of his term of office as supervisor of White Hall township.

Dr. Chas. F. Sherwin and family, of St. Louis, are spending the week with his parents in the vicinity of Patterson and calling on his numerous friends.

Return to California.
Mrs. M. G. Bradford and daughter Edith started on their return to Ontario, California, this week, and were accompanied by Thomas Milns, Mrs. Bradford is the daughter of Mr. and Mrs. David Milns, who moved to California from White Hall a number of years ago.

Col. L. L. Seely left today on another long journey to fill sale dates as an auctioneer, he having become quite a globe trotter. At St. Paul he will be joined by L. E. Frost of Springfield, and they will manage Berkshire hog sales at Mayfield, Ill., for Wm. Caruthers, and at Escalante, Cal., for A. B. Humphrey. Mr. Seely will stop at Salem, Oregon, to visit Frank Seely and family, and at Los Angeles will visit Mr. and Mrs. W. T. Graham. On his return, he will conduct a Duroc hog sale for H. L. Chapman at Jerseyville on August 17th. Later sale dates are at a colt farm at Bristol, R., and one at Douglasville, Pa. He is considering some New York dates.

The Roodhouse Chautauqua opened today for a daily run until Tuesday. On Tuesday a delegation of Roodhouse boosters visited White Hall with their band, and were so impressed with a welcome sign that had been displayed by Sykes & Fanning that a move is on foot at Roodhouse to go White Hall even better with a sign that will eclipse any previous production in the way of a sign welcoming delegations from a neighboring city.

Hotel Blocks Traffic.
For a year White Hall has had thrill after thrill of amusement and concern over the proposition to move the old frame hotel building from the site on Main street. The property was purchased a year ago by W. W. Evans for the purpose of erecting a handsome and commodious garage on the site. He sold the building to Arthur Jones, whose preparations to move it were met with formal notice to the city that the telephone, electric railway and electric light people would hold the city responsible for any damage to the wires of the respective companies resulting from the removal of the structure, thru the streets. In turn the city council, thru T. J. Grant, chairman of the street and alley committee, served notice on Jones that he would not be permitted to move the building thru the streets without giving good and sufficient bond to indemnify the city for damage to wires. The building was moved to the curb line, and there it has stood for about a year an object for wags and jokers who posted all kinds of notices at the expense of Alderman Grant until that official became tired of such proceedings and offered a reward for the identity of any person so performing. At the last meeting of the city council last week the matter was placed in the hands of Mayor R. C. Boehm, who was authorized to permit the moving of the building as soon as the demands of the city were complied with. The mayor permitted the work to start on Monday of this week and up to Thursday morning progress had been made as far as the Christian church corner, one-half block, where it became blocked by electric wires and the Central Illinois Public Service company steadfastly refuses to move its wires until it is guaranteed damages. At this juncture Mr. Jones served notice on the Central Illinois Public Service.

URGENT LABOR MEN TO DEMAND BILL'S PASSAGE
CEDAR RAPIDS, Ia., July 13.—Acting upon instructions from Samuel Gompers, president of the American Federation of Labor, F. A. Canfield, president of the Iowa Federation of Labor, tonight telegraphed the secretaries of all the Iowa trade assemblies urging them to have their members deluge Washington with demands that the senate pass at once the administration's food control bill. A telegram from Mr. Gompers also sent to the local union emphasized that the bill to be effective must be as desired by the president.

EDWARD ALEXANDER HAS POSITION IN THE NAVY
Will Go to Washington for Training on Receiving Commission as Paymaster.

Edward Alexander has received notification from Washington that he has been appointed assistant paymaster in the regular navy and that the appointment has been confirmed by the senate. The only thing necessary to complete the appointment is to receive a commission from President Wilson, which is expected in a short time.

Mr. Alexander is well known in Jacksonville and is one of the most popular young men in his set. He is a graduate of the academy at Rount College, and a graduate of Illinois College. He received a fellowship at the American Catholic University, at Washington, D. C., from the Knights of Columbus, and spent last year there. It was there that he took the examination, which lasted for eight days, and was extremely difficult. Physical, mental and personal tests, being rigorously given. An idea of the difficulty of passing this examination might be obtained when it is known that several hundred men took the examinations, and sixty six were successful. Mr. Alexander has always been known as a good scholar. He ranked high in his classes, and was noted for his intellectual ability.

Except when in actual service, Mr. Alexander will assist in conducting the business end of the service. When in battle he will be an officer in line. His rank will be that of an ensign.

Upon receiving his appointment it is expected that he will be ordered to Washington to attend training school, after which he will be sent on board ship. This appointment is permanent and will not be dependent upon the duration of the war.

SPRINGFIELD, Ill., July 13.—Philip S. Yeager of Danville has been made a colonel and will command the new Tenth Illinois Infantry. It was announced by Adjutant General Dickson today.

Co. C. E. Ryman of Effingham will be in command of the new Ninth Infantry.

The remaining regiment of the three authorized, to be known as the Eleventh Infantry, is still without a commanding officer.

Companies, in process of formation throughout the state, have not yet been designated for the Tenth and Eleventh regiments.

RESCUE MAN FROM MOB.
Quincy, Ill., July 13.—Alexander Swinley, 39, was rescued from a mob which seemed bent on lynching him here today after he had hurled the contents of a carbolic acid bottle into his wife's face. The scene took place in the Burlington passenger station. Four National Guardsmen intervened when a mob threatened to lynch him. Swinley was arrested and locked up in the police station.

QUIET RESTORED IN PEKING.
Washington, July 13.—Chinese legation dispatches from Peking dated at noon today said that quiet had been restored in the capital after a battle in which the monarchist troops of General Chang Hsun were overwhelmed by Republican forces. The monarchist general himself was reported a refugee in the Dutch legation.

POST OFFICE CLERKS TO MEET IN PEORIA

Plans Well Under Way for the State Convention July 21st—Congressmen Madden and Ireland Will Attend

The Illinois state convention of Postoffice Clerks will be held in Peoria Saturday, July 21st. The Peoria Star in telling of the coming convention says:

"Congressman Martin B. Madden of Chicago and Congressman Clifford Ireland will be the guests of the convention at their banquet at the Jefferson hotel. Mr. Madden is a staunch friend of the postoffice employees and has been very active in securing much legislation in their behalf. The Madden salary bill, which grants an increase in pay to the postoffice men, is a live issue and it is possible that the convention here will make this their paramount issue for the year. With the last appropriation bill all other departments of the government received substantial increases in salary. For some unknown reason the postoffice department was excepted and the boys are still working practically for the same salary they did ten years ago.

The delegates will be given an tour of the parks and Grandview Drive. A banquet will be given in the evening at the Jefferson hotel. Program for this includes: S. P. Prowse, toastmaster; Major D. S. Brown of Lewistown; Postmaster C. U. Stone, Rowan Ray, Clifford Ireland, Martin B. Madden and Pres. Frank T. Rogers of Chicago, national president of the United National Association of P. O. clerks. This program promises to be a rare treat for the boys and will be largely attended.

"On Sunday, July 22nd the local branch are giving their second annual picnic at Bradley park. All delegates and visitors are invited to remain over for this. A feature will be a baseball game between the Bloomington and Peoria postoffice teams. A program of other games, races, etc., will be given. E. C. Stone, secretary of the Hampshire Breeders' association has presented a roast pig to the clerks, which will be served with trimmings. Other local men have come forward voluntarily with contributions to the picnic, which have been gratefully accepted as the postoffice employees are not allowed to solicit contributions of any kind."

A REVISED RATING SYSTEM

The credit rating system of the Chamber of Commerce was recently purchased by J. W. Ward of the Ward Mercantile Agency and the purchase was combined with the rating already owned by Mr. Ward. Since purchase of the new ratings workers have been busy bringing them down to date and very soon Mr. Ward expects to have an accurate record of the financial standing of every adult in the county.

THE FRANKLIN PICNIC

There has been some confusion about the date of the annual picnic to be given at Franklin by the ladies of Sacred Heart church. The picnic will be held Thursday, Aug. 16. The principal address will be delivered by ex-Governor Yates and other well known speakers will also have a part in the program.

MURRAYVILLE HAS RED CROSS BRANCH

Enthusiastic Meeting Held Friday Night When Organization was Effected—Plan for Campaign.

One of the most enthusiastic meetings in the interest of Red Cross work yet held in the county was that at Murrayville Friday evening when the Murrayville Branch of the Red Cross was organized. This, despite the fact that it was Friday and the 13th.

The meeting was scheduled to be held in the town hall but the crowd was so large that the hall would not hold it and adjournment was taken to Odd Fellows hall where the call to order was made by J. L. Wyatt, who served as chairman with Mrs. W. W. Walker as temporary secretary.

The main address of the evening was given by Edgar E. Crabtree of this city who presented a splendid exposition of the Red Cross and its objects. Following Mr. Crabtree's address the chair appointed a committee of five to make nominations of officers.

While the committee was considering nominations a number of pleasing addresses were given. Mayor Henry J. Rodgers told of the Y. M. C. A. work in the present war. Rev. W. E. Spoons gave an excellent address on the Red Cross and Miss Louise Capps told of the work of the Red Cross in France, based on an address delivered by Mrs. Wilson here some time ago. Postmaster Ralph L. Dunlap also gave a talk that greatly pleased the audience, his address being on Red Cross work in general. The party of Jacksonville people in attendance at the meeting included in addition to those mentioned Mrs. J. W. Clary and Mrs. James T. King.

The officers selected are:
Chairman—Frank Flynn.
Vice chairman—Harry Cade.
Secretary—Mabel Daniel Walker.
Treas.—Vernon Baker.

Executive committee—Chairman, Frank Flynn; Mrs. Minnie Mawson, Mrs. Thomas McCarthy, J. Lee Wyatt, John Thompson, S. A. Bracewell, Thomas Langedon, Nick Conlon.

Board of Directors—Chairman, Frank Flynn; David Wilson, Mrs. Cal Hart, Robert Wagstaff, Rev. Mr. Marsh, Frank Robinson, Mrs. Albert Hayes, Mrs. Thomas Mandeville, Mrs. Austin King, John Irlam, Mrs. Thos. Barker, Mrs. Thos. Welsh, Rev. Mr. McGhee, Monroe Jennings, Lurton Tucker, Mrs. Mabel Hart Whitlock, S. F. Sooy, Dr. J. H. Spencer, Mr. J. T. Berry, Mrs. Mary E. Kennedy, Rev. Father Flynn.

Chairman of Campaign Committee—W. E. Wright.

It was recommended that the chairman of the Campaign committee be authorized to appoint the following committees, either now or when the emergency exists: Publicity, Press, Advertising, Finance, Business Men's committee, Lodge and Societies committee, Ladies Committee from each church and Union Sunday school, Men's committee.

The chairman has authority to name any other committee which his judgement suggests.

WAVERLY YOUNG PEOPLE HAVE NARROW ESCAPE

Ford Car Struck by Freight as Auto Party Was on Way Home from Franklin—None Were Injured When Engine of Car Was Demolished.

What seems almost a miraculous escape from death occurred near Franklin recently, when a party of young people from Waverly, were riding in a Ford automobile and were struck by a passing freight train and buried some fifty feet. Those in the party were the Misses Hazel Ashbaugh, Madeline Ashbaugh, Hazel Hoback, and Leslie Bostic and Leslie Davenport. The car belonged to Mr. Davenport, who was driving. The young people had been in Franklin for an outing at Burlington Lake, and were on their way home, when the accident occurred. It was about 11 p. m. when approaching a crossing, they saw the coming freight train, but did not realize that it was so close upon them, and felt that it was safe to go over the crossing ahead. Just as the car reached the crossing the front of the engine struck the hood of the automobile, entirely demolishing the motor in the car. The machine was thrown some fifty feet, but none of the occupants were injured. The fact that the train was going slowly may account for the fact that none of the occupants of the car were injured. "Stop, Look and Listen," is an injunction which many auto travelers often disregard.

RED CROSS MOVES INTO NEW QUARTERS.

Paris, July 13.—The American Red Cross which has moved into new quarters in the Place Concord yesterday began the work of establishing canteens, restaurants and dispensaries at railroad stations and junctions where the American troops will pass going to and returning from the front.

Utilizing the experience gained last year when the troops went to the Mexican border, the canteens will supply coffee, bread and sandwiches.

OPEN THREE REGIMENTAL BARRACKS

Rockford, Ill., July 13.—The Illinois Division cantonment for the National Army had been pushed so far toward completion today that three regimental barracks with complete army equipment were thrown open to the two thousand workmen who will occupy the buildings until the cantonment is ready for reception of recruits.

JAMES G. FOX CALLED BY SUDDEN DEATH

Well Known Resident of Two Counties Dies Friday Morning, of Heart Disease—Funeral Service Sunday

J. G. Fox passed away Friday morning at his home, 225 Caldwell street, bringing to its close a life of many years of notable usefulness. Mr. Fox was one of the well known residents of Morgan and Cass counties and the news of his sudden passing brings a sense of loss and grief which transcends this community and touches all who have come in contact with him. An attack of heart disease, following an illness of many weeks brought death to Mr. Fox, who has recently been able to be about the house a portion of each day.

Mr. Fox had arisen early to take a bath and at 5:30 o'clock was found dead, the body in a sitting position and the head hanging over the outside of the tub. The water was still flowing. The every indication pointed to an attack of heart failure the family thought it best to notify the coroner and the verdict returned by the jury which sat at the residence Friday forenoon gave certainty to this belief.

Coroner Rose empaneled the following men as jurors: A. B. Morey, foreman; P. G. Stein, clerk; George Ball, J. W. Taylor, T. V. Finney and W. C. Green. The language of the verdict was "that James G. Fox came to his death by an attack of cardiac asthma while in the bath tub at his residence, 225 Caldwell street, Jacksonville, Morgan county, Ill., about 5 o'clock a. m., July 13, 1917."

Mr. Fox was born Jan. 11, 1844, near Sinclair, the son of Jonas and Susan Garner Fox. At the age of twelve he removed with his parents to Cass county and he spent his youth and later life in the Garner chapel community, northeast of Virginia. It was in 1910 that Mr. Fox and family removed to Jacksonville.

Mr. Fox was married to Miss Martha Frances Wyatt, at Virginia, Dec. 2, 1868, and to them were born eight children, all of them living. The sons and daughters are Charles H. Fox, Ira O. Fox, A. E. Fox, and Jesse Fox, all of Virginia; John R. Fox, Auburn; Mrs. Frank W. Bristow, Mrs. L. T. Potter and Miss Florence Fox, all of this city; A. brother, L. L. Fox and a sister Mrs. J. F. Williamson, both of Virginia, survive Mr. Fox.

Mr. Fox was a veteran of the Civil war, serving for almost three years and seeing some of the severest fighting of the great conflict. He was at the siege of Vicksburg and his reminiscences of the days with Grant's army were interesting in the extreme. He was a member of the 114th regiment, Co. F, serving under Col. Judy of Tallula.

In early life Mr. Fox made profession of the Christian faith and his days have been filled with righteousness and well doing. He was ever ready to help a friend or neighbor and never shirked responsibility when the call came to religious leadership. In the Methodist church at Garner chapel he was a faithful member and hard worker, holding at various times the position of steward, trustee and superintendent of the Sunday school. Upon moving to Jacksonville he transferred his membership to Grace M. E. church and was a steward at the time of his death.

Funeral services will be held Sunday. A short service at the family residence will be conducted at 9 o'clock by the Rev. F. B. Madden, assisted by the Rev. A. B. Morey. The body will then be taken to Garner chapel and Mr. Madden will be assisted there by the Rev. O. H. Myers, pastor of that church. The burial will be made in Garner Chapel cemetery.

REMEMBER MR. BREWER.

It. A. Brewer, physical director at the local Y. M. C. A., who leaves this city Sunday to take similar position with the Waukegan Y. M. C. A., was the recipient of a very beautiful remembrance from the gymnasium class composed of local business men. A farewell party had been arranged for Thursday evening, but several of the members of the class were unable to be present, so Percy Jenkinson presented the gift at the appointed time. It is a beautiful gold watch fob, and a gift that Mr. Brewer prizes very highly. This is but the smallest way in which the members of the class could show their appreciation of the work Mr. Brewer has done, and their regret at seeing him leave.

WILL HEAR NEW ARGUMENTS.

Circuit Clerk Charles W. Boston received a letter yesterday from Judge E. S. Smith saying he would be here on the afternoon of July 24, to hear the argument of Attorney Wells of Omaha, Neb., in the case of John R. Robertson vs. the Hartford Fire Insurance company of Connecticut.

When the case was heard at the last term of court Judge Smith granted a new trial to Mr. Robertson on account of an error in the instructions. Attorney Wells of Omaha, one of the attorneys representing the insurance company was not present and was not satisfied and asked to be heard in the case. Mr. Boston took the matter up with Judge Smith who notified him he would be here on July 24, at which time probably other matters will be taken up with court by other attorneys.

LIBRARY HAS VALUABLE MATERIAL ON CANNING

New Government Bulletins Have Been Added to Volume Already Available—"Canning a Patriotic Duty."

In the hall at the Public Library there is an attractive poster headed "Canning this year a Patriotic Duty." Miss Corrine Carlson who joined the Library staff in a substitute position for two months this summer made the poster. She has gathered together from the Library shelves some books and pamphlets on canning and drying of vegetables and fruits.

The Government has just issued valuable new pamphlets in the Farmer's Bulletin series on home canning by the one period cold pack method and on ways of drying vegetables. The National Emergency Food Garden Commission has also sent out useful pamphlets within the last week.

In addition to this new material, the library has many good books on the subject. One of the most attractive for canning fruit is Riley Fletcher Berry's Fruit Recipes, a manual of food values. It contains nine hundred different ways of utilizing fruits.

On the table devoted to the subject of canning at the Library there is a notice of the canning demonstrations being conducted by Mrs. Maud Dewey Doan at the Trinity Guild every Thursday afternoon at two o'clock. Mrs. Doan has been successfully canning vegetables for over sixteen years and she is sharing her experience as to the easiest and quickest and most successful methods in canning with the other women in Jacksonville in these Thursday demonstrations.

Each woman in the community seems to be "doing her bit" to help on the food problem. Beside eliminating waste, a large majority of the housewives appear to have adopted the slogan "Enlist in the army of canners."

ROCKFORD CANTONMENT

Uncle Sam's Training City—Three Thousand Workmen Preparing Buildings

Rockford, Ill., July 13.—Fifty miles of trench work has begun Monday, July 9, at the Illinois Division Cantonment site near Rockford, Ill., under the direction of J. W. Alvord, hydraulic and sanitary engineer of Chicago, a government sanitation squad and Company A, First Illinois Engineers. The work resembling the French front in its mole-like advance, will care for water and sewer mains that go to make up the army camp sanitation system. Hourly, under the hands of industrious thousands, a city half the size of Rockford is pushing forward to cover the beautiful farm lands that twelve days ago made up nineteen peaceful country estates. Long, low frame buildings are rising from the ground. Three regimental units, sufficient to house as many thousand men, have been completed since barracks construction began, July 1, and as many more are taking shape behind the army of workmen 2,000 strong who are shaping Uncle Sam's training city on the double quick. An additional three thousand workmen will join the force as housing facilities are made for them in order to insure the building of fifteen hundred camp structures before September 1.

E. P. Lenahan, in charge of construction for the contracting company estimated that a schedule of thirty completed buildings a day will have to be maintained when camp forces and work swings to maximum proportions. At present the camp is a closely guarded bee hive, webbed by eight miles of railroad yards. Five camp locomotives shunt their long trains of material cars to the various unloading stations from 7 a. m. until late at night. Automobiles and horsemen scurry thru the maze of camp streets that have already been laid out and great piles of matched lumber grow along the sidings only to melt under the attack of workmen.

Construction is divided into the unit system. One company of men advance over the site to dig post holes for building foundations at points designated by engineers; a second follows close on their heels to set the posts; a third erects the framework; a fourth boards it up; a fifth stretches weather proof material and finishes the interior flooring and walls; a sixth roofs the building and a rear guard equipped with paint buckets finishes the job. At present work on a mile long line of bunk houses and mess halls for workmen is the feature. Stables are going up, water tanks are climbing to give fire protection and a network of telephone and telegraph wires are connecting the completed buildings. A branch post office under the control of Postmaster W. H. Hoffman of Rockford has been established in camp and a permanent branch employing fifteen clerks will be installed before troops arrive.

The organization that makes the gigantic task possible is briefly this: All construction is under the direct charge of Contracting Quartermaster Major Dwight H. Sawyer. His military organization is made up of a government field auditor and force of fifty men who check up on each inch of material and each minute of labor that goes into the work; two hundred men in Company A, First Illinois Engineers in command of Captain C. C. Saner, who make plans, survey, locate water mains and meet other engineering problems; a unit of thirty-three heavy army motor trucks manned by seasoned drivers direct from the Mexican border and under command of Captain G. W. Schleiser, and one United States sanitation squad. Under this organization comes the rank and file of workmen who are directed by Mr. Lenahan and his foremen.

Following a Chamber of Commerce campaign, four miles of new cement road is crawling toward the camp to make up two excellent transportation arteries and a new bridge has been ordered to span Rock river for camp use. Comfort stations and a recreation auditorium to seat five thousand people are being constructed by the city and all preparations made to handle the \$5,000,000 monthly business increase that authorities estimate will pour into Rockford with camp establishment. Chief of Police A. E. Bargren has completed his system to insure city morals by the establishment of a ten mile moral zone about camp, and has been given thirty additional men and police women to help keep the city clean for Illinois boys in training. The entire city has entered into the moral and development drive and is enjoying the first fruits of a military boom unequalled in its history.

PUNISHING THE INCOMPETENT

It is recalled that when the Russian generals were defeated in a great battle by the Japanese forces, they were called to account and one of the greatest of their generals was publicly disgraced. Now it seems that Great Britain is about to institute a similar investigation for the defeat of the British forces in the first Mesopotamian campaign. It may become as celebrated as the Hastings trial. A number of reasons for that defeat have been assigned and sentiment has been growing until it has reached the point where an investigation is imperative. And with it there must be a punishment of the incompetent parties.

Bulletin of Information for Persons Registered

Local Boards.—In every county in the United States and for every city of over 30,000 there are one or more local exemption boards. Each of such boards is in charge of the registration cards of persons registered in the area over which the board has jurisdiction, and has jurisdiction of all claims for exemption except those based on industrial grounds. Find out what board has your card and where the office of that board is.

District Boards.—In every Federal district there are one or more district boards having appellate jurisdiction over a number of local boards and having original jurisdiction of claims on industrial grounds. If you intend to make a claim on industrial grounds, including agriculture, learn what district to apply to.

Red Ink Serial Numbers.—Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction. Lists showing the names of persons in the jurisdiction of each board and the red ink number of each card are open to inspection at the office of each board.

Inspect the list and inform yourself of your red ink serial number.

Order of Liability.—These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. As soon as the drawing is complete lists showing the order in which these red ink numbers are drawn will be published in the press, and will be posted at the office of each local board.

Go to your local board and find out the order in which you stand for call.

Call for Examination.—As soon as quotas are assigned to each State and each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will be requested to print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. The law therefore makes it your duty to inform yourself of your order of call. The mailing is for your convenience, but if the letter never reaches you, you can not make that an excuse.

Watch the lists at the office of your board and see when you are called for examination.

Physical Examination.—You must report for physical examination on the day named in your call.

(a) If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

(b) If you are found physically qualified and file a claim for exemption within 7 days after your call you will be given 10 days after filing your claim of exemption to file proof in support of your claim of exemption. See (VIII) below.

(c) If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public view, and notice will be mailed to you at the address on your registration card.

Therefore watch the notices posted in the office of the board about 10 days after the day you were called and make arrangements for the prompt receipt of mail.

Seven Days to File Claims of Exemption or Discharge.—(Except for industrial or agricultural reasons.)—Note:

(a) A claim of discharge on account of the industry in which you are engaged can be decided by a local board. (See Par. XV below.)

(b) Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice.

From the day notice that you are called is mailed and posted you have seven days in which you may file a claim of exemption or discharge. The form of filing this claim is simple. If you wish to file such a claim—

(a) Go to the board and get Form 110 for exemption or Form 121 for discharge. If the board has not the printed forms ask to consult the form pamphlet and copy the form shown there.

(b) Fill out the proper form and file it with the board.

(c) Do this within seven days of the posting and mailing of notice to you to present yourself.

The following are the only grounds for exemption:

1. That you are an officer, legislative, executive, or judicial of the United States, a State or Territory, or the District of Columbia.
2. That you are a regular or duly ordained minister of religion.
3. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.
4. That you are in the military or naval service of the United States.
5. That you are a subject of

Germany, whether you have taken out papers or not.

6. That you are a resident alien who has not taken out final papers.

In addition to claims for exemption claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board.

1. That you are a county or municipal officer.

2. That you are a customhouse clerk.

3. That you are employed by the United States in the transmission of mails.

4. That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.

5. That you are employed in the service of the United States (under certain conditions). See paragraph (e) of section 20, Regulations.

6. That you are a licensed pilot regularly employed in the pursuit of your vocation.

7. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

8. That you are a married man with a wife or child dependent on you for support.

9. That you have a widowed mother dependent on your labor for support.

10. That you have an aged or infirm parents dependent upon your labor for support.

11. That you are the father of a motherless child under 16 dependent upon your labor for support.

12. That you are a brother of an orphan child or children under 16 dependent on your labor for support.

13. That you are a member of any well-recognized religious sect or organization organized and existent May 18, 1917, and whose then existing creed or principles forbade its members to participate in war in any form and whose religious principles forbade its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organization.

These are the only grounds for exemption or discharge by a local board.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

Ten Days After Filing Claim to File Proof.—Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. But after you have filed your claim for exemption or discharge you have ten days within which to file proof.

The method of proving claims is very simple but it is rather exact. If you follow the rules given below you will have done what is required of you.

First. Go to the local board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

Second. Ask the board for the blank affidavits that are necessary in presenting your proof; if the board has not the forms, ask to consult the pamphlet of forms.

Third. Have the affidavits properly accomplished and return them to the board within the time limit assigned you—10 days from the filing of your claim.

Remember: (a) You must submit proof in the prescribed form and the board as no authority to exempt or discharge you unless you submit all the affidavits required by regulations.

(b) There will be no argument before the board and no proof other than the prescribed affidavits unless the board calls for other proof which it will do in only a limited number of cases.

When Claims are Decided.—Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

Certificate of Exemption or Discharge.—If your claim is allowed a certificate of exemption or discharge will be issued to you.

Remember: (a) This certificate may be recalled at any time.

(b) If it is temporary or conditional, it becomes of no effect when the time or the condition named are fulfilled.

(c) You have been drawn for military service and when the condition that has postponed your posting to the colors ceases you may be recalled at any time.

(d) Remember that your case may still be appealed to the district board by the Government and on this appeal your certificate may be withdrawn at once. When so withdrawn you stand precisely as the you had been selected for military service by the local board.

Adverse Decisions on Claim.—If your claim is disallowed by the local board your name will be certified and sent by the local board to the district board as one who has been called for military service and not exempted or discharged. Within two days thereafter, if practicable, a list of those so certified to the district board will be given to the press with a request for publication, will be posted in the office of the local board accessible to the public view, and notice will be mailed to the address on your registration card.

Therefore, if you have filed a claim for exemption and proof in

support thereof, watch the notices in the office of the local board beginning about five days after you have filed your proof to see what disposition was made of your case, and make arrangements for the prompt receipt of mail.

How to Claim Appeals to District Boards.—Claims of appeal may be made by a person within 10 days after the day when notice has been posted and mailed that such person's name has been certified to the district board as one who has been called for service and not exempted or discharged.

Therefore if you desire to appeal—

1. Go to the local board and get or copy Form 153 or 154 for filing your claim of appeal.

2. Get or copy also Form 151 or 152 notifying the district board of appeal.

3. File your claim of appeal (153 or 154) with the local board.

4. Send your notice of appeal (Form 151 or 152) to the district board.

5. Do this within 10 days from the day when notice that your name was certified to the district board was posted and mailed.

Remember: 1. You can only appeal the final order of the board exempting or discharging or refusing to exempt or discharge you. You can not appeal other orders or action of the local board.

Proving Your Appeal.—You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence additional to that filed by you in the local board, but all such evidence must consist of affidavits.

Decisions on Appeal.—The decision on your appeal must be made within five days of the closing of proof, and you will be notified by mail of the action of the board on your appeal.

Claims for Discharge on Industrial Grounds.

Only the district board can receive claims for discharge on the ground that you are engaged in industry, including agriculture found to be necessary to the maintenance of the military establishment, the effective operation of the military forces, or the maintenance of national interest during the emergency.

Such claims must be filed with the district board on or before the fifth day after the mailing and posting of notice that you have been certified by the local board as one who has been called for service and not exempted or discharged.

If you desire to file such a claim: 1. Get a copy at the local or district board Form 161 or 161a.

2. Fill the form out properly.

3. File it with the district board within five days after the mailing and posting of notice that your name has been certified with the local board to the district board.

See section 44, Regulations.

Proof in Support of Industrial Claim.—Only affidavits can be used in filing proof before the district board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

Decisions of District Board on Industrial Claim.—Within five days after the closing of proof in any industrial claim the district board must decide the claim.

If the decision of the district board is in favor of the claim the board will issue a certificate of discharge. If the decision is against the claim the district boards will so notify you.

Remember that you have been called for military service and that the certificate of the district board is only conditional on your remaining in the kind of industrial service on account of which you were discharged. No such exemption shall continue when a cause therefor no longer exists and your certificate of discharge may be withdrawn or modified by the district board at any time that the district board shall determine that the circumstances require it.

Appeals of Industrial Claim to the President.—Only decisions of district boards on industrial claims for discharge can be appealed.

If you desire to appeal the decision of the district boards to the President, you may do so within seven days of the date of mailing to you of the decision of the district board. To perfect your appeal—

1. Get a copy from the district or local board Form 163.

2. Fill out the form and file it with the district board.

3. Do this within seven days after the mailing of notice to you of the decision of the district board in your case.

How You Will Be Notified that You Have Been Selected for Military Service.—As soon as your case is finally disposed of, the adjutant general of your State will notify you by mail that you have been selected for military service.

Your local boards will post a list of all persons selected for military service in a place at the office of the local boards accessible to public view. The local board will also give lists of persons selected for military service to the press with requests for publication.

Notice that you have been selected for military service will not necessarily order you into service. The notice to report for military service will come when the Government is ready to receive you.

E. H. CROWDER, Provost Marshal General.

WAVERLY FAMILY HAS MANY BEREAVEMENTS

Three Brothers, Brian, Jose Wives in Period of Five Months.

Waverly, Ill., July 13.—Death has made strange visitations to the Brian family, a prominent family of this community, since the first of March. On March 6th Mrs. Dola A. Brian, residing southeast of town, died suddenly of apoplexy. On May 30 Mrs. Allie Brian, also residing southeast of town, died suddenly, tho she had been in ill health for some time, she was about her household duties as usual, and her death was quite unexpected. Yesterday word was received in Waverly of the death of the wife of the third brother, Mrs. William Brian, dying in a hospital at San Antonio, Texas. The last Mrs. Brian to answer the death summons was a resident of Cuero, Texas, having moved to Texas ten years ago this spring. She is a daughter of Mr. and Mrs. Phillip Deatherage of Lowder.

NEW FILE CASES IN CIRCUIT CLERK'S OFFICE

New file cases have been recently installed in the office of Circuit clerk Charles W. Boston. The cases have been placed in the south room and some old cases which occupied the space have been moved to the north room. The new cases are constructed of steel and are of the latest pattern. A portion of them are lock files and will be used for keeping bonds and other valuable papers.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

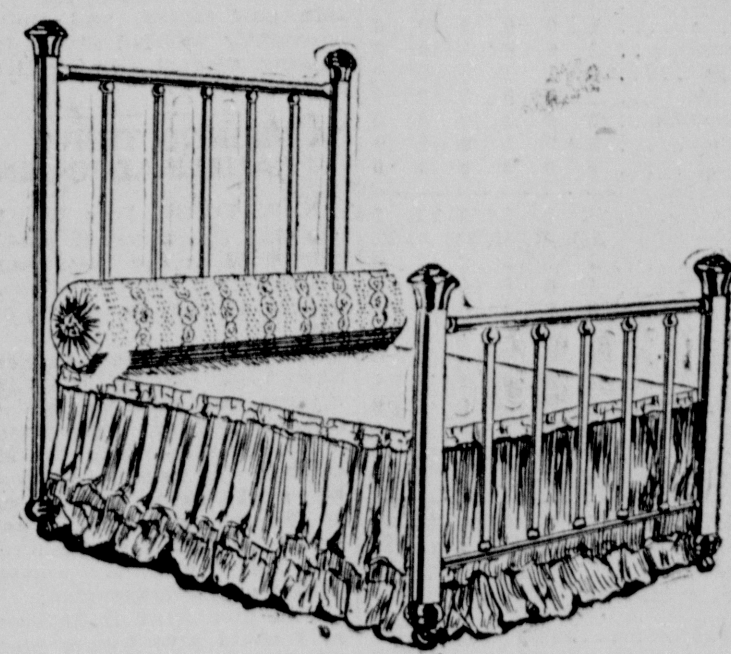

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Brooklyn, 4-2; Pittsburgh, 0-1.
Brooklyn, July 13.—Brooklyn beat
Pittsburgh today. The first
game was a four to nothing shutout
and the second went ten innings to
a 2 to 1 victory. Cheney's great
pitching backed by faultless support
featured the opener while he also
started the batting rally in the third
inning that beat Jacobs. In the tenth
inning of the second game with
Grimes pitching and one out, Olson
singled, went to second on Johnson's

**QUIMET AND EDWARDS
TO MEET IN FINALS**

CHICAGO, July 13.—By virtue of
spectacular par golf, Francis Quimet
of Boston, formerly National Amateur
and Open Champion, and Ken-
neth P. Edwards of Chicago will
meet tomorrow in the 36 hole final
contest for the Western Amateur
Golf Championship at Midlothian.
Quimet today defeated Donald Ed-
wards, medalist of the tournament,
4 up and 2 to play after Edwards
had made a thrilling bid for victory
with a record 33 strokes for the
third nine, 3 under par.

Kenneth Edwards had an easier
conquest in defeating John G. An-
derson of New York, twice runner-
up in the National Championship
winning 5 up and 4, but he shot
close to par to overcome the stub-
born easterner. The best golf of
the tourney was played by Donald
Edwards while his streak of unbeat-
able golf lasted, and Quimet was
apparently worried at the fast pace,
missing several comparatively easy
putts.

**"A FISHING TRIP"
CAUSES ADJOURNMENT**

NEW YORK, July 13.—A fishing
trip was the cause of another ad-
journment in the re-hearing of the
McGraw case before the board of di-
rectors of the National League to-
day.

Counsel for the manager of the
New York club said an important
witness had gone on an extended
recreation trip. The meeting was
put over until July 20, after one
witness was heard. He testified he
was in the room with McGraw when
he was interviewed by a newspaper-
man whose story he later repudiated
and heard him say regarding the
justice of his suspension:
"I'd give \$100 if Tener was here
so I could give him a piece of my
mind."
He also fixed the hour of the in-
terview as about 7 p. m., and the
time when McGraw received the
manuscript for his approval about
one hour later.

WORLD'S RECORD BROKEN

Stockholm, July 13.—A new
world's record for the 3,000 meters
run was made today at the stadium
by A. Zander, a Swede. His time
was 8 minutes and 35 7-10 seconds.
The former record was 8 minutes
and 36 8-10 seconds, made by H.
Kolehmainen in 1912.

**WINCHESTER PEOPLE

in honor of their son, Stanley's birth-
day. The day was spent most pleas-
antly. The pastor of the church,
Rev. W. R. Jones and the Sunday
school teacher, Miss Anna McLaugh-
lin and Mr. and Mrs. John Priest and
daughter Hazel were also present.

Sisler's Hitting Enables St. Louis
to Defeat Philadelphia

Chicago, July 13.—An unusual
play in the eleventh inning gave
New York a 6 to 5 victory over Chi-
cago today. Peckinpaugh singled
and took second on a sacrifice, Pipp
then singled to center and Peckin-
paugh started home, Felsch's throw
to the plate was perfect and as
Peckinpaugh slid, Schalk dropped
upon him and also dropped the ball.
Schalk while sitting on the New
Yorker recovered the ball and touch-
ed Peckinpaugh out. Peckinpaugh
was trapped a foot from the base
but Umpire Evans ruled him safe
claiming that Schalk held him while
he was recovering the ball.

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for
2500 to 6500 more miles.

My method of taking two old tires and making one good one is
saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to
6500 more miles out of. In sending me tires be sure one has a good rim no matter how
bad the tread is worn. For the other one that has a good tread no matter what condi-
tion rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One
